The Finance Committee had previously met to discuss the budget for 20232024, it was recommended that to carry out work needed doing on the assets and to continue operating as they had previously, the council would need a budget of approximately $£ 214,282$ for 2023-2024.

With the budget set at $£ 214,282$ for the coming year and with expected reserves of $£ 185,000$ in the deposit account at the end of March, it was recommended by the Finance Committee that funds be used from the deposit account towards the budget. By earmarking a total of $£ 95,350$ for various expenditures a total of $£ 118,932$ was left to fund.
It was recommended that by increasing the precept from last year's figure of $£ 109,382.29$ to $£ 114,851.40$ the difference would then come from the general reserves.
